DISTILLERY • BAR • EATERY

## GIN TASTING

Welcome to Bealim House, home of The Newcastle Gin Co, the city's first commercial distillery in over two hundred years. Our still room literally touches the ancient City Wall. As with all good things, patience is the key to Newcastle Gin. It takes over seventy two hours for us to lovingly create our light floral gin using a combination of age old distilling techniques

We have created the following sample packages for you to learn more about our gin and the wider gin world, while enjoying some nibbles by our Executive Chef David Blackhall

### Package One £30 per person

Enjoy welcome cocktails, complimentary nibbles and a masterclass hosted by one of our very own ginthusiasts, who will guide you through an interactive session including a brief history of gin and how we now make our very own Newcastle Gin. Our Newcastle Gin experience normally lasts around 90 minutes.

### Package Two £60 per person

Enjoy 'Package 1' with one of our ginthusiasts and each member of your party gets to take home a bottle of our very own Newcastle Gin.
